NEWS FLASH

From Economist Joe Higgins

Flash Consumer Confidence Report - December

December's [Flash Consumer Confidence Report](#) is the Conference Board's Confidence Index. Unfortunately, the survey's results are down by almost 4 points from last month and becoming concerning. We should be back to the regular flow of economic indicators next month after the fallout from the government shutdown. The flash report is posted on the IAC website under General Information for full details. *Report provided by AVB/Brandsource.*

Flash Q3 GDP Report

Even though it's the end of the year, the [Flash Q3 GDP Report](#) was recently released after a 2 month delay. We had an excellent third-quarter outcome, which hopefully will provide a jolt of optimism for our economy in 2026. The flash report is posted on the IAC website under General Information for full details. *Report provided by AVB/Brandsource.*
